Lecture: MTWRF at 1:00–2:00pm in Boyd 222
Section No.: 51661
Office: Boyd Graduate Research Center 524A
Email: eric@math.uga.edu (Please use this email to contact me, not eLC)
Office Hours: M 2:00–3:00pm, T 12:00–1:00pm, R 3:00–4:00pm
Course Websites: http://alpha.math.uga.edu/~eric
                 http://www.math.uga.edu/1113

Text: Precalculus, Julie Miller and Donna Gerkin, McGraw Hill. A special edition for UGA is available at a reduced rate, and the ISBN is 978-1-30-700456-4. You will need access to the ALEKS 360 homework system which is included with the UGA edition of the book.

Course Description: Preparation for calculus, including an intensive study of algebraic, exponential, logarithmic, and trigonometric functions and their graphs.

Grading:

Grading:		Grading Scale:			
Attendance	5%	92–100	A	77–78	C+
Homework	5%	89–91	A-	72–76	C
Quizzes	20%	87–88	B+	69–71	C-
Tests	50%	82–86	B	60–68	D
Final Exam	20%	79–81	B-	0–59	F

Attendance is required for this class. Failure to attend class or follow classroom rules as outlined in this syllabus will lose you one percentage point of your attendance grade.

Homework is run through ALEKS. You will find a link to ALEKS from the course ELC web page. When you click through the first time, your account on ALEKS will be initiated. It is your responsibility to check ALEKS to keep track of due dates.

Quizzes may be announced or unannounced. Announced quizzes will take place every week unless there is a test that week. Unannounced quizzes will occur if less than 75% of the class is in attendance, though they may occur otherwise. Your lowest quiz grade will be dropped.

There will be three equally weighted tests, tentatively scheduled for 06/23, 07/11, and 07/21.

The final exam will be comprehensive, and will take place from 3:30–6:30pm on 07/28.

Tests may be made up in the event of University of Georgia athletics or illness, if documented. It is the responsibility of the student to contact me before the next class to make appropriate arrangements for making up any missed tests.

Calculators will not be allowed on quizzes, tests, or on the final exam. Cell phones should be silenced and laptops put away, with violations resulting in a loss of one percentage point of your attendance grade.

Free help is offered to all students taking MATH 1113 through the Academic Resource Center, held from 12:00–5:00pm Monday through Thursday, and from 12:00–3:00pm on Fridays, held in MLC 367 in June and in Milledge Hall in July.

Academic Honesty: As a University of Georgia student, you have agreed to abide by the Universitys academic honesty policy, "A Culture of Honesty," and the Student Honor Code. All academic work must meet the standards described in "A Culture of Honesty" found at: ovpi.uga.edu/academic-honesty/academic-honesty-policy. Lack of knowledge of the academic honesty policy is not a reasonable explanation for a violation. Questions related to course assignments and the academic honesty policy should be directed to me.

Academic Accommodation: If you have a documented learning disability, you should contact the Disability Resource Center (drc.uga.edu/about/welcomeletter.php).

Disclaimer: The course syllabus is a general plan for the course; deviations announced to the class by the instructor may be necessary.
